

Sunday A.M. Adult Classes

April – June, 2010

James and I & II Peter

Dick Roberts

Auditorium

This class is a continuation of the study through the New Testament using an open Bible. It is a class that is intended to have good class participation. Dick will provide pass-outs materials for this class study. No signup is required if you want to take this class.

Galatians & Ephesians

Mike Sowder /Jon Roberts / Brandon Smith Room 7

This will be a scripture study of Galatians and Ephesians using purchased materials titled *Living a Spiritfilled Life*, written by Matt Allen, and published by Spiritbuilding Publishing. The materials present overviews of these two books with themes fit into the overall messages of the particular study. Questions are included that will be an aid to the study of each particular chapter. The teaching will be shared by these three men.

Sign up and encourage these three young men while you study Galatians and Ephesians!

Stewardship

Michael Hunt

Library

Stewardship over all that God entrusts to us in life is fundamental to giving. Stewards are trustees or caretakers over the property of another. Christians are stewards. The goal of this class will be to help fulfill God's purpose for our life by showing us the biblical way to invest wisely in God's kingdom and increase our faithfulness for Christ. This class will consider what the Bible teaches about managing God's assets. While the Bible may not answer specific question, it does give us clear and sound principles to govern our attitudes. The lesson subjects will include: *Managing What Belongs To God, Faithful Stewards of God's Assets, God Will supply All Our Needs, Giving, Generosity, Gift of Giving, God's Plan for Giving, Benevolence, Wealth, Living in a Materialistic Society, Things More Valuable Than Gold, Financial Planning, Financial Planning, and Financial Decisions – God's Way.*

Parenting Through The Ages

Mark Pepper

Room 4

This is a topical study using a workbook that was written by Royce and Cindy DeBerry and being taught by Mark Pepper with experiences raising four of his own. The DeBerry's are experienced and well qualified to write about parenting since they have raised 10 children, as they say, almost three separate families. The lesson topics are what all parents are faced with as their children grow up into adulthood. The lesson topics are: *Don't Try To Change God's Plan... Trust and Obedience; Parenting Goals and Prayer; Parenting With Different Goals; Respect and Discipline... Making Our Faith Their Faith; Peer Pressure... Spiritual Work in Ungodly Situations; Putting God First... Latch-Key Kids; Who's in Control? ... Teaching Self-Control or Spoiling Children?; Favoritism Hurts... Blended or Step Families; Wealth... Where is Our Treasure?; Self-Esteem or Humility... Which One Should Parents Instill?; Modesty; Parenting in Unusual Circumstances... Adoption, Foster Care; Parenting while Dealing with Bar Situations.* **It should be a very good class for young married couples as well as for those with children at home of any age.**

Wednesday Adult Classes

April – June, 2010

I Samuel

David Roberts

Auditorium

The auditorium class does a progressive scripture study through the Old Testament. This class is the last quarter of the study through the book of I Samuel. It will be a textual study using materials prepared by Dave to aid in preparing the students for the upcoming classes and the related discussions. No sign-up is required if you want to sit in on this class.

Angels and Other Created Spiritual Beings

Craig Maners

Room 7

Most people are fascinated and intrigued by angelic and spiritual beings. The word of God clearly reveals that there is a spiritual realm which lies beside and beyond our human realm. Angels are mentioned in some form 305 times in the Bible. Michael Hardin has avoided all speculation in preparing this topical study of angelic and other created spiritual beings by simply covering what is revealed concerning them in the Word of God. The 13 lessons titles are: *The Nature of Angels; The Names and Titles of Angels; Satan: The World's Greatest Enemy; Satan's Role in the Fall of Mankind; Are People Demon Possessed Today, Law and Order Angels: Instruments of God's Judgment; Angels as God's Ambassadors: Call To Special Service; Guardian Angels; New Testament Teachings Concerning Angels; Angels in the Life of Jesus; Angel Encounters in the Book of Acts; God's Rule in the Nations of the World; and The Providence of God and The Individual.*

Give Us A King

Scott Smith

Library

This is the 2nd quarter of a study that will complete the scriptural study of **The United Kingdom and Wisdom Literature**. It is a continuation of the Old Testament study using study materials written by the Waldron's. The Waldron materials are being continued because of the quality of the study material and good reports from those who have attended the preceding classes that began with a study of Genesis (*IN THE BEGINNING*). The Waldron's materials contain a lot more information than what is normally found in Bible class workbook, i.e.; they are more of a reference book for the text being studied than as a workbook.
