### Till There Was No Remedy

**Gary Maners**

**Library**

This is the 1st quarter of a two quarter study that will cover a study of **The Divided Kingdom and the Prophets**. It is a continuation of the Old Testament study using study materials written by the Waldron's. The Waldron materials are being continued because of the quality of the study material and good reports from those who have attended the preceding classes that began with a study of Genesis (*IN THE BEGINNING*). The Waldron's materials contain a lot more

information than what is normally found in Bible class workbook, i.e.; they are **more of a reference book for the text being studied than as a workbook.**
